Liquid Laundry Detergent Ultra
Our most advanced built detergent that targets your toughest stains and excels in all water conditions

Did you know...
that **stains - not wear and tear** from alkalinity - are the leading cause of discarded linens?

In fact:

- 86% of linens are discarded due to stains, compared to only 5% for wear and tear.
- Our **high-powered, alkaline detergent removes stains** and increases whiteness the first time, every time.

“You see that table there? That’s usually full of linens that need to be rewashed. This product has greatly reduced our need for rewash.”

Laundry operator, California

“This product made my linens whiter and softer, and I saw it reflected in my scores.”

Housekeeping manager, Alabama
